

La Société Guernesiaisie Astronomy Section

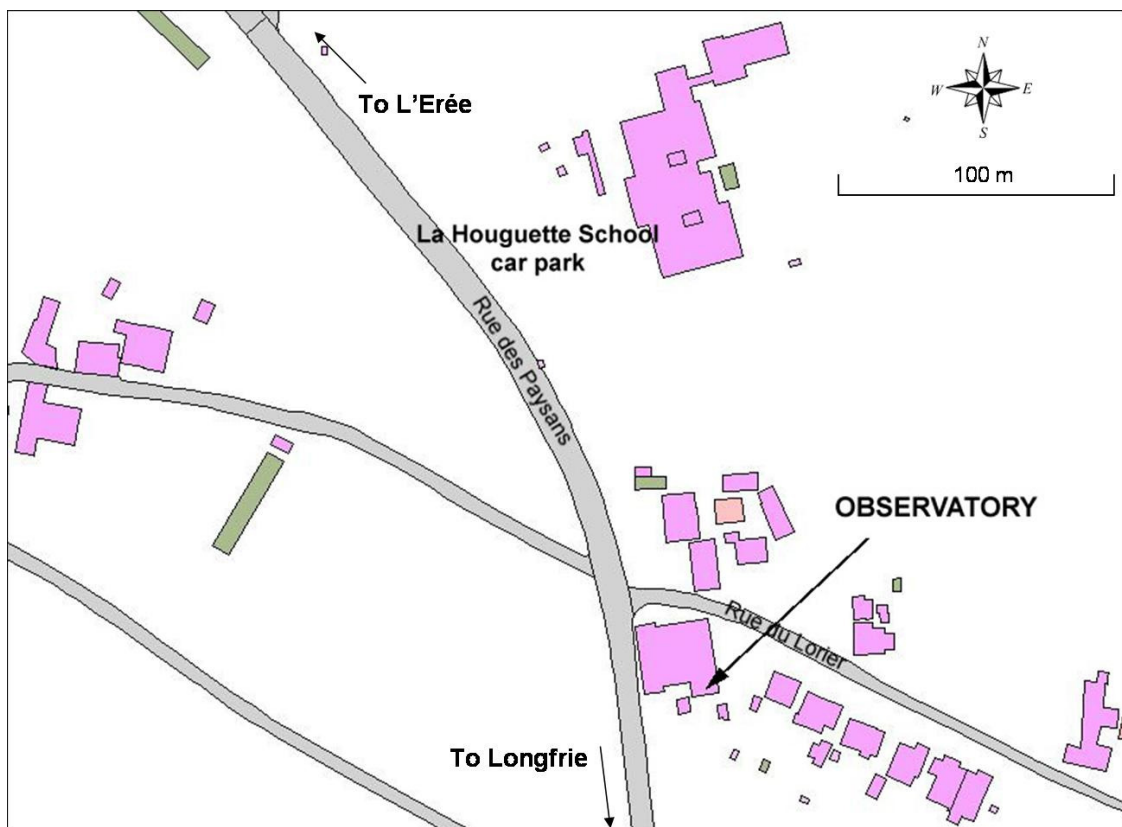

Directions to Observatory

Lat 49° 26' 57".3895 N (49.44927), Long 2° 38' 08".8610 W (2.635795), Alt 46 metres.

The Observatory is at La Pointe, Rue du Lorier, St Pierre du Bois. Perry's Guide reference: Page 21 E3. It is about 100 metres up the road from La Houquette School, behind the large German bunker on the corner of Rue des Paysans and Rue du Lorier. Turn into the Rue du Lorier, and then immediately right, and proceed around the back of the bunker to the double doors. If these are locked, knock. Note that there is usually no sign indicating the location of the Observatory, except during open days and sometimes when groups are expected.

Parking at the Observatory is very limited, but additional parking is often available at La Houquette School. Note that there are no streetlights, so a torch is essential when walking along the road at night. High-visibility clothing is recommended.

The Observatory telephone number is 264252.
